

Arriving from Rome - Milan:

Exit Motorway A1 in SCANDICCI

Then head toward PISA and enter highway FI-PI-LI.

Exit the highway in LASTRA A SIGNA and drive through the town toward SIGNA. As soon as you find a bridge (upon Arno River) in PONTE A SIGNA get over the bridge and keep heading toward the center of SIGNA. Keep driving on the main road, pass under railway bridge (maximum height 3 meters). Keep the right and drive along the main road (Via Roma). You will be obliged to turn right and then left (it's the main road, most cars will drive that way). As soon as you reach a roundabout (there's a monument on it) turn left and get by coop supermarket. At traffic light, go straight and go up a steep alley. Keep going up. At the top, turn right and go downhill. (You will see a cemetery on your right) Keep driving a downhill and get by the entrance of VILLA CASTELLETTI. Few meters farther, at the end of the road you will find a crossroads. Go left. There you are at BORGO VILLA CASTELLETTI.

From the center of Florence

Reach FORTEZZA DA BASSO, that's the heart of Florence road system. Look for indications to PISTOIA. Along that way, a few kilometres farther, you will enter VIA PISTOIESE. Get by the small towns of SAN DONNINO and SAN PIERO A PONTI and head toward POGGIO A CAIANO. At BEYFIN GAS STATION, watch your left. A bit farther on the left there is a narrow road (Via Ponte alle Palle), enter it and drive till the end, then go left. At crossroads go right and you will find the gate of BORGO VILLA CASTELLETTI

ATTENTION BUS DRIVERS: do not exit in FIRENZE – SCANDICCI. Beyond the bridge at Ponte a Signa, between Lastra a Signa and Signa, there is low train overpass (**maximum height 3,30 meters!**)
